1. About the Publication Scheme

Every public authority covered by the Freedom of Information Law has a legal duty to maintain a publication scheme.

The purpose of a publication scheme is to make information readily available to the public without the need for specific written requests. Schemes are intended to encourage authorities to proactively publish information, to develop a culture of openness and participation.

The publication scheme lists the information which is readily available to the public. The list is divided into seven (7) different categories of information, to help you find the documents you are looking for.

This publication scheme commits the Planning Department to making information available to the public as part of its normal business activities.

The Department of Planning will:

- specify the information held by the authority, which falls within the seven (7) categories below;
- proactively publish or otherwise make routinely available, information which is held by the authority and falls within the categories below;

- describe the methods by which specific information is made available, so that it can be easily identified and accessed by members of the public;
- list any fees charged for access to information described in this scheme;
- publish or otherwise make information available, in accordance with the methods and fees stated in this scheme;
- make this publication scheme available to the public;
- regularly review and update the information made available under this scheme.

2. Information that may be withheld

The Department of Planning will generally not publish:

- information that is not held by the *Department of Planning*, or which has been disposed of in accordance with a legally authorised disposal schedule;
- information that is not readily-available – for example: information that is contained in files that have been placed in archive storage;
- information which is exempt under the FOI Law, or otherwise protected from disclosure – for example: personal information; commercially sensitive information; and information that would prejudice the effective conduct of public affairs. Records containing exempt matter will be published in a redacted form, where ever it is practical to do so, indicating which exemptions apply;

In maintaining this publication scheme, our aim is to be as open as possible.

However, there may be limited circumstances where information will be withheld from one of the categories of information listed in *section 7: Categories of information*.

Information will only be withheld where the FOI Law expressly permits it.

For example: where disclosure would breach the law of confidentiality, infringe personal privacy, or harm the *Department of Planning* customer's commercial interests.

Whenever information is withheld, we will inform you of this and explain why that information cannot be released. Even where information is withheld, it may be possible to provide a redacted copy, with the exempt matter edited out.

If you wish to complain about any information which has been withheld, please refer to *section 6: Complaints*.

FREQUENTLY ASKED QUESTIONS

(Hyperlinks are in italics; press the CTRL button and 'Click' the link to follow it to the document)

Current Planning FAQs

The Current Planning division often hears the same questions from applicants repeatedly. Below are some of the most frequently asked questions, and typical answers we respond with. If you have any further questions, please do not hesitate to contact us.

Q: Do I need planning permission to construct a house?

A: Yes. Almost all development on Grand Cayman requires planning permission, including excavation, land clearing, advertising signs, pools, cabanas, sheds, houses, apartments, commercial buildings, and many more. Please contact the Planning Department to see if your development requires planning permission.

Q: I need to notify neighbours regarding a development proposal. Can the Planning Department provide me with a list of addresses?

A: No. The Department of Planning can provide you with information on how many of your neighbour's must be polled (i.e. 250 foot radius, neighbouring properties, etc.), but Lands and Surveys is the agency which can provide addresses. Lands and Survey is located right across from the Department of Planning on the 4th floor of the Government Administration Building. Notification Distances are typically as follows:

Type/size of Proposed Development	Zone	Notice Radius
Commercial	Commercial	300 ft
Non-residential uses	Residential	500 ft
Industrial	Industrial	300 ft
Institutional	Any	300 ft

A: Yes. There are codes for Building / Structural, Plumbing, Mechanical, Electrical, Gas, Seismic and Wind.

A: Yes. All structures in the Cayman Islands require a building permit, and many also require planning permission

Q: Do I need to have a license to operate as an electrical contractor in the Cayman Islands?

A: Yes. The Building Control Unit administers the Electrical Licensing program. Application forms are available at:

Policy Development FAQs

The Policy Development division often hears the same questions from applicants repeatedly. Below are some of the most frequently asked questions, and typical answers we respond with. If you have any further questions, please do not hesitate to contact us.

Q: Does the Development Plan address land use and planning issues on Little Cayman and Cayman Brac?

A: No. The Development Plan only addresses Grand Cayman. Separate legislation is in place to govern planning issues on the Sister Islands.

Q: Is the Development Plan the only piece of legislation relating to planning on Grand Cayman?

A: No. There are a number of pieces of legislation which address planning issues in the Cayman Islands. The 'enabling' legislation, which creates the basis for planning in the Cayman Islands, is the Development and Planning Law (2008 Revision). This law determines what the Government can regulate, powers of enforcement, and how decisions can be appealed.

The Development and Planning Regulations (2006 Revision) is the legislative version of the Development Plan. This legislation addresses permitted land uses, densities, building heights, and a range of other details. In addition to these two core pieces of legislation, there are many other key pieces of legislation, including the Building Code Regulations (2006 Revision), Tree Preservation Orders (1998), the Appeals Tribunal (Development Plan) Procedural Rules 1975, Designating Orders (2005 Revision), and the Development and Planning (Appeals) Rules (1999 Revision).

Q: Is there a procedure to change the zoning designation on a piece of land?

A: Yes. There is a rezoning process which applicants can pursue. The Planning Department recommends that the timeframe for processing these applications is currently about 12 months. An overview of the rezoning process is available at this link: [Overview of the Rezoning Process](#)
